Healthy Food Supply and Nutrition Policy of: GLANDORE COMMUNITY KINDERGARTEN

Rationale
This preschool promotes safe, healthy eating habits in line with the Right Bite Healthy Food and Drink Supply Strategy for South Australian Schools and Preschools. See http://www.decd.sa.gov.au/eatwellsa/

We believe that early childhood is an important time for establishing lifelong, healthy eating habits and can benefit the children in three ways:
1. Short term: maximises growth, development, activity levels and good health.
2. Long term: minimises the risk of diet related diseases later in life.
3. Good nutrition contributes to good health and wellbeing and this is vital for positive engagement in learning activities.

Therefore:
- staff at this preschool encourage healthy eating behaviours
- food and drink are consumed in a safe environment for all children
- parents and caregivers are encouraged to supply healthy foods

Curriculum
Our preschool’s food and nutrition curriculum:
- Includes activities that encourage children to make positive healthy food

The Learning environment
Children at our preschool:
- have fresh, clean tap water available at all times and are encouraged to drink water regularly through the day
- eat a mid morning snack of fresh fruit or vegetable [supplied by parents]
- are fully supervised at lunch time by 2 staff members. Each child sits at a table are encouraged to independently manage their own lunch box and seek assistance if needed
- use the preschool garden to learn about and experience growing, harvesting and preparing nutritious foods

Our preschool:
- provides rewards/encouragements that are not related to food or drink
- understands and promotes the importance of breakfast and regular meals for children
- teaches the importance of healthy meals and snacks as part of the curriculum
- is a breastfeeding friendly site

Food supply
Our preschool:
- encourages healthy food and drink choices for children in line with the Right Bite strategy
- encourages food choices which are representative of the foods of the preschool community
- ensures healthy food choices are promoted and are culturally sensitive and inclusive
- ensures a healthy food supply for preschool activities and events in line with the Right Bite strategy
- has the following guidelines for families for food brought from home or provided by staff within preschool time:
Fruit Time:
Parents and carers are encouraged to supply fruit and vegetables at fruit time to:
- provide children with important minerals and vitamins
- encourage a taste for healthy foods.

Food and drinks provided to children:
- parents and carers are encouraged to provide healthy food and drink choices in line with the Right Bite strategy
- staff will ensure that food provided to children by the preschool is in line with the Right Bite strategy.

Food safety
Our preschool:
- promotes and teaches food safety to children as part of the curriculum
- provides adequate hand washing facilities for everyone
- promotes and encourages correct hand washing procedures with children and staff.

Food-related health support planning
Our preschool:
- liaises with families to ensure a suitable food supply for children with health support plans that are related to food issues.

Working with families, health services & industry
Our preschool:
- invites parents and caregivers to be involved in the review of our whole of site food and nutrition policy
- provides information to families and caregivers about the Right Bite Strategy through a variety of ways including:
  - newsletters
  - policy development/review
  - information on enrolment
  - pamphlet/poster displays

You will be notified if your child was:
- Hungry and needs additional food
- Was not hungry on a particular day
- If a nut product was sent to kindergarten
